

Cleaved PARP1/PARP Monoclonal Antibody

Catalog No.	B-IO-10205	Reactivity	Human
Purification:	Protein A + Protein G affinity Chromatography	Host	Mouse
Applications	WB; IHC; ICC; IP	Isotype	IgG

Note: Centrifuge before openensure complete recovery of vial contents.

Immunogen Information

Immunogen Recombinant PARP (Asp788~Trp1014) expressed in E.coli Accession No.: RPA279Hu01

Applications

Western blotting: 0.5-2μg/mL;

Immunohistochemistry: 5-20μg/mL;

Immunocytochemistry: 5-20μg/mL;

Optimal working dilutions must be determined by end user.

Formulation

Form & Buffer: Supplied as solution form in PBS, pH7.4, containing 0.02% NaN₃, 50% glycerol.

Storage and stability

Storage: Avoid repeated freeze/thaw cycles.

Store at 4°C for frequent use.

Aliquot and store at -20°C for 24 months.

Stability Test: The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.

Important note

The kit is designed for research use only, we will not be responsible for any issue if the kit was used in clinical diagnostic or any other procedures.
